

# Factom Community Testnet

## ANO applicant:

Veteran Blockchain Investment Firm

## The applicant joined the Factom Community Testnet on:

Pre Portainer setup

## Nodes and responsiveness:

The applicant is currently running **2** on the Factom Community Testnet of which **1** are part of the authority set.

During their time on the Factom Community Testnet I've rated their responsiveness to updates and helpfulness during network outages (from 1 to 5 with 0 meaning not assessed, 1 being unacceptable and 5 being outstanding): **4**

## General comments:

Nolan have generally been very helpful and active in the community and have largely managed to setup and run nodes with minimal help needed. He's been part of the Authority set and we have not observed any issues with him using brain transfer to update his nodes which he's always been amongst the first to do.
