

# Factom Community Testnet

## ANO applicant:

Roba Realty

## The applicant joined the Factom Community Testnet on:

Pre Portainer setup

## Nodes and responsiveness:

The applicant is currently running **1** on the Factom Community Testnet of which **0** are part of the authority set.

During their time on the Factom Community Testnet I've rated their responsiveness to updates and helpfulness during network outages (from 1 to 5 with 0 meaning not assessed, 1 being unacceptable and 5 being outstanding): **2**

## General comments:

While Roba Realty has been on the testnet for a long time they have not been very responsive to updates and their single testnet node is still running a very old v5.1.1 despite several prompts to update. They also required quite a bit of help getting set up in the first place.
