

The image is a screenshot of a computer screen showing two windows. The left window is a Discord server named 'guide-vote-2018-1'. The right window is a web browser showing the 'timeanddate.com' website.

Discord Server: guide-vote-2018-1

The Discord server has a sidebar with various channels and a main chat area. The main chat area shows a message from 'Niels' with a timestamp of 18:00:02 UTC on Wednesday, 30 May 2018. The message contains a list of candidates for the 'Guide Election' and a request for votes.

Web Browser: timeanddate.com

The web browser shows the 'timeanddate.com' website. The page title is 'Current UTC, Time Zone (Coordinated Universal Time)'. The page displays the current time as 18:00:02 UTC on Wednesday, 30 May 2018. It also shows the time zone as UTC/GMT and provides information about the time zone, including its location and the time difference from other time zones.
